## Westeel Bins

Authentic Quality For Over 100 Years

### Westeel SeedStor Wide-Corr Bins For Cone And Hopper Cones

SeedStor bins are Wide-Corr style bins designed for farmers who grow seed or for those who want super-fast, controlled unloading. They combine Westeel's unstiffened Wide-Corr technology with a new Westeel cone in an affordable all-in-one package. Pass-through rail, remote cap opener, roof ladder, sidewall ladders, inspection hatch and grain gauge included. Foundation, delivery, set-up and ground ladder not included. Prices apply to existing stock only.
