

# WESTEEL

## Westeel Hopper Cones

You don't have to break your back moving grain from bin to market. These economical cones have been primarily designed to upgrade existing grain storage. They add extra capacity and make grain handling easier.

### They Feature:

- Heavy leg design for maximum stability.
- Upright support brackets to prevent sidewall collapse.
- 35° cone slope and 24" clearance for fast unloading.
- Inspection hatch and standard shut-off.

### 14' Retro Cone

Foundation not included.

**2499<sup>00</sup>** each **3399<sup>00</sup>** each

Aeration and delivery extra. Prices apply to existing stock only.

**Congratulations,**  
you have made the  
**Agrifinance A-list.**

We'd like to thank you for your loyalty by offering you an exclusive pre-approved line of credit up to \$45,000, available only to A-list customers. As a member of the A-list, you are entitled to VIP access to superior credit rates – with no application, no forms and no hassle. You will receive our best rate on the lease or finance of grain or fertilizer bins – making it much easier to make the upgrade or addition you need to step-up your storage. First-class customers deserve first-rate recognition. Take this card to the selected bin retail outlet identified on the back of this insert and claim your A-list advantage. It couldn't be simpler!

For more information about the **A-list** program call 1-800-665-0357

\*Subject to approved credit. Offer expires September 30, 2009.
